## HEMP OIL EXTRACT ROLL-ONS 10 ML (0.338 FL OZ)

*(Provides temporary relief)*

These convenient roll-ons can be easily applied to the skin anywhere, any time. Apply liberally and massage gently into the skin for fast relief of aches and pains. The pain-relieving ingredients are absorbed quickly, leaving a gentle pleasant aroma. Reapply as needed.

Water-Based Oil-Based

## HEMP OIL TOPICAL SPRAY 30 ML (1 FL OZ)

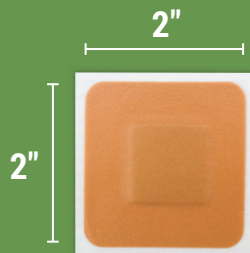

*(Provides temporary relief)*

This convenient wintergreen oil scented spray allows for broad touch-free application with a cooling sensation to speed pain relief. The pain-relieving ingredients are quickly absorbed when gently massaged into the skin.

## TOPICAL HEMP OIL PATCH | 50 MG

*(Provides up to 96 hours of continuous relief)*

This hypoallergenic adhesive patch, with its fabric pad filled with pain-relieving ingredients, can be worn for up to 96 hours!

## INDUSTRIAL HEMP: THE MIRACLE PLANT!

Did you know that industrial hemp...

- was used to make the rope and sails that powered the shipping fleets of the world for centuries?
- was used to create the paper pages of books until 1880?
- is the source of dietary supplements widely used throughout the world for centuries to treat a variety of ailments?

## ALL OF OUR PRODUCTS ARE:

- Legal In All 50 States and Most Industrialized Countries
- Drug Test Safe
- Non-Psychoactive
- All Natural
- Side-Effect Free
- Pesticide Free
- Solvent Free

**NON-NARCOTIC  
PAIN RELIEF ALTERNATIVES  
TO DANGEROUS OPIOIDS.**

## IS IT LEGAL?

**YES!** Industrial hemp contains less than 0.3% of the psychoactive substance, THC, and is therefore exempt from the U.S. Controlled Substance Act (US CSA).

## WILL USE RESULT IN A POSITIVE DRUG TEST?

**NO.** The trace amounts of THC, if any, in our products would be poorly absorbed through the skin to enter the bloodstream and would not register a positive result on drug test screenings.

## IS IT SAFE?

**YES!** Our Industrial hemp products are pesticide-free, solvent-free, and made in accordance with federal standards. Our products are manufactured in FDA-GMP compliant U.S. facilities using all-natural ingredients.

## WILL IT MAKE ME HIGH?

**NO!** Because there are only trace amounts of THC in industrial hemp, it will not create a feeling of euphoria from its use. Additionally, THC does not absorb well into the bloodstream through topical application.
